

## After Acceptance

### Congratulations!

You've successfully applied to Queen's Bachelor of Health Sciences and accepted your offer.

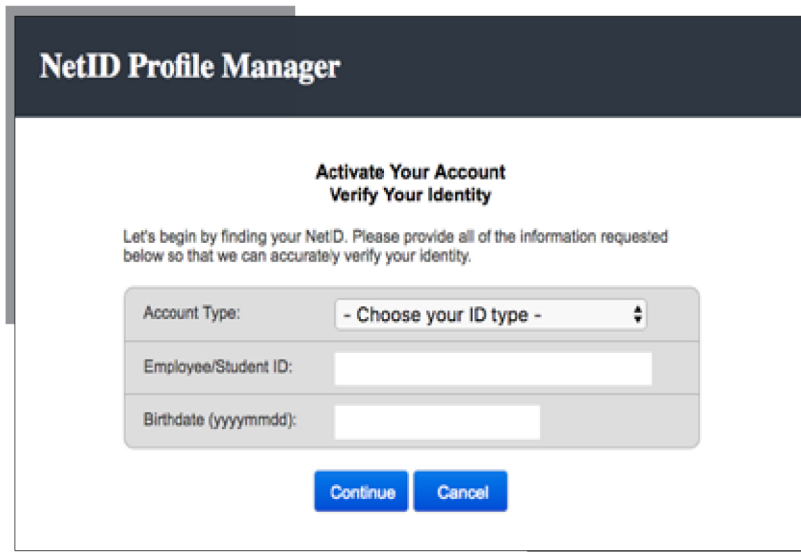

**First things first, we need to get you a NetID.** This is your all-access pass to the digital world of Queen's! It will also provide you with a student email address and let you sign up for classes, so it's essential.

It's only a few steps, but if you're struggling, the IT Services team at Queen's is standing by to help. You can call them at **1-613-533-6666**.

**A** Head over to <https://netid.queensu.ca/selfservice/>

**B** Choose 'Activate your NetID'

**C** Fill out the data requested

The screenshot shows the 'NetID Profile Manager' interface. At the top, it says 'Activate Your Account' and 'Verify Your Identity'. Below this, a message states: 'Let's begin by finding your NetID. Please provide all of the information requested below so that we can accurately verify your identity.' The form contains three input fields: 'Account Type:' with a dropdown menu showing '- Choose your ID type -', 'Employee/Student ID:', and 'Birthdate (yyyymmdd):'. At the bottom of the form are two buttons: 'Continue' and 'Cancel'.

You are a student/alumni, and your student number should have come with your acceptance letter.

**D** Provide account recovery email

**E** Setup three security questions

**F** Set a new password

**That's it! You're all done getting your NetID!**

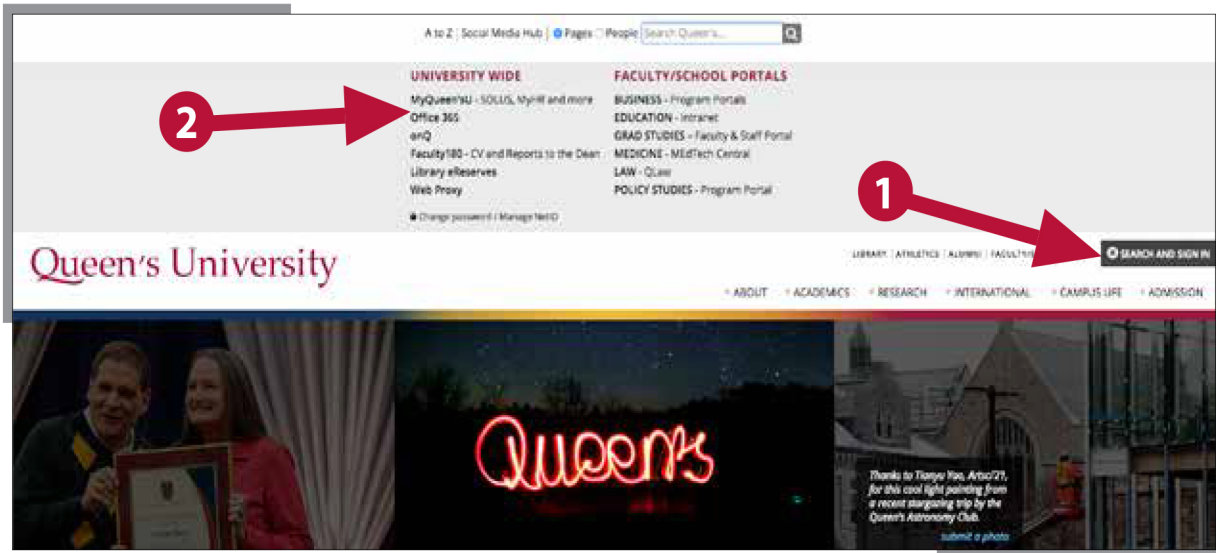

This would be the time to write down your newly activated email address, and your password. You might have to wait a few minutes before you can access it for the first time.
